

# CPW WILDLIFE FORUM 2021

SUPPORTING THE IMPLEMENTATION OF THE POST-2020 GLOBAL BIODIVERSITY FRAMEWORK

26-27 SEPTEMBER 2021

LOCATION: BUDAPEST, HUNGARY (ONE WITH NATURE WORLD EXHIBITION) AND ONLINE.

## FINAL PROGRAMME

- ✓ All times are shown in Central European Time (CET)
- ✓ Simultaneous interpretation between English and Hungarian, French and Spanish will be provided

### DAY 1, 26 September 2021

12:00 - 12:20

#### Opening Plenary

- **Ms Elizabeth Maruma Mrema**, Executive Secretary of the Convention on Biological Diversity
- **Dr. Zoltán Kovács**, Government Commissioner responsible for One with Nature World of Hunting and Nature Exhibition

12:20 - 13:50

#### Session I - Landscapes as food provision systems

*The session aims to lead the audience in understanding food security issues at the global level; what happens if a vital ecosystem service, such as wild meat, becomes depleted; and how the food security within Indigenous Peoples' lands can be made compatible with the conservation of these areas*

**Moderator: Prof. Julia E. Fa**, Professor Biodiversity and Human Development, Manchester Metropolitan University and Senior Associate, CIFOR

#### Speakers:

- *Nature and the Supply of Food – Perspectives from the Post-2020 framework*  
**Prof. Neil Burgess**, Chief Scientist, UN Environment Programme World Conservation Monitoring Centre (WCMC) and Principal Investigator, GCRF Trade, Development, and the Environment Hub
- *Saving Lives, Protecting Livelihoods, and Safeguarding Nature Post-COVID-19*  
**Hollie Booth**, DPhil Researcher, University of Oxford (ICCS, Department of Zoology); Technical Advisor, Wildlife Conservation Society; Technical Coordinator, Conservation Hierarchy
- *Ensuring Food Security and Futures in Indigenous Peoples' Lands*  
**Prof. Stephen Garnett**, Professor of Conservation and Sustainable Livelihoods, Charles Darwin University

### Moderated panel discussion

Panel: **Prof. Neil Burgess**, UN-WCMC; **Shane Mahoney** Vice-Chair of the CEESP/SSC SULi and CEO of Conservation Visions; **David Wilkie**, Director of Conservation Measures, WCS, and **Dilys Roe**, Principal Researcher and Team Leader (Biodiversity) and Chair, IUCN SULi

13:50 - 14:00

Break

14:00 - 15:30

### Session II - Zoonotic diseases and the One Health Approach

*The session aims to showcase and exchange information about the practical implementation of the [CPW guiding principles](#) as well as secure wider commitment to cross-sectoral collaboration to prevent the spread of zoonotic diseases in future, including through the wider One Health agenda*

**Moderator: Anastasiya Timoshyna**, Senior Programme Coordinator – Sustainable Trade, TRAFFIC

#### Keynote presentation

- *Wildlife management, zoonotic diseases, and One Health approach: State of knowledge and informing interventions*  
**Dr. Richard Kock**, Royal Veterinary College, UK and IUCN SSC Wildlife Health Specialist Group

#### Round of interventions

- *CPW guiding principles for reducing zoonotic diseases risk*  
**Kristina Rodina**, Forestry Officer, Wildlife and Protected Areas, Food and Agriculture Organization of the United Nations
- *Guidelines for disease risk management in wildlife trade supply chains and markets: complementarity with CPW guiding principles*  
**Dr Tiggy Grillo**, Scientific Officer Wildlife Health Programme, World Organisation for Animal Health (OIE) and National Coordinator, Wildlife Health Australia
- *Implementing One Health strategies in Central Africa to reduce zoonotic risk: Sustainable Wildlife Management Programme*  
**Marie-Marie Olive** Researcher (PhD), Epidemiology of arboviral and zoonotic diseases, ASTRE Unit, CIRAD, University Montpellier, INRAE & **Hadrien Vanthomme**, Researcher (PhD), management of natural resources and landscapes, Forests and Societies Unit, CIRAD, Montpellier, France
- *CPW Guiding Principles and what they mean in practice for hunters*  
**Dr Torsten Mörner**, Head Wildlife Diseases and Game Meat, International Council for Game and Wildlife Conservation (CIC)
- *Managing safety, sustainability, and legality of wildlife trade to reduce disease risk: learning from existing systems*  
**James Compton**, USAID Wildlife TRAPS Project Manager, TRAFFIC

#### Panel discussion with audience

End of Day 1

## DAY 2, 27 September 2021

12:00 - 12:20

Welcome to Day 2

12:20 - 13:50

### Session III - Wildlife harvesting, use and trade - Hitting the target?

*The session aims to increase the understanding about what is needed to meet Target 5 of the Post-2020 GBF, what knowledge gaps and capacity needs exist at various levels, and what indicators are necessary to truly measure and hit the Target*

**Moderator:** **Dilys Roe**, Principal Researcher and Team Leader (Biodiversity) and Chair, IUCN Sustainable Use and Livelihoods Specialist Group (SULi)

#### Setting-the-scene

- *Post-2020 GBF indicators and targets of relevance to wildlife harvesting, use and trade*  
**Francis Ogwal**, Co-Chair for the Convention on Biological Diversity's Open-Ended Working Group for a Post-2020 Global Biodiversity Framework

#### Presentations and moderated panel discussion

- *How to measure whether international trade is sustainable, legal, and safe for human health*  
**Karen Gaynor**, Scientific Support Officer, CITES Secretariat
- *Wildlife harvest, use and trade targets and indicators in GBF: Learnings from CPW workshops and implementation potential*  
**Anastasiya Timoshyna**, TRAFFIC, Senior Programme Coordinator – Sustainable Trade, TRAFFIC
- *Role of customary sustainable use in harvest, use and trade of wildlife*  
**Maurizio Farhan Ferrari**, Senior Policy Adviser on Environmental Governance, Forest Peoples Programme
- *Impacts of taking, trade, and consumption of terrestrial migratory species for wild meat*  
**Clara Nobbe**, Head, Terrestrial Species Team of the CMS Secretariat

#### Q&A session with audience

13:50 - 14:00

Break

14:00 - 15:30

### Session IV - Monitoring Human-Wildlife Conflicts for the Post-2020 Global Biodiversity Framework

*The session focuses on approaches to measure the success of a Target on human-wildlife conflict and the challenges faced through discussions with parties already conducting such activities to identify lessons that can be learnt*

**Moderator:** **Dr Alexandra Zimmermann**, Chair of the IUCN SSC Human-Wildlife Conflict Task Force

#### Setting the scene

- *CPW and human-wildlife conflicts*  
**Kristina Rodina**, Forestry Officer, Wildlife and Protected Areas, Food and Agriculture Organization of the United Nations
- *Human-wildlife conflict: a key challenge for the next decade of biodiversity conservation*  
**Dr Alexandra Zimmermann**, Chair of the IUCN SSC Human-Wildlife Conflict Task Force

	<ul style="list-style-type: none"> <li>• <i>The Post 2020 Global Biodiversity Framework and human-wildlife conflict</i> <b>Basile van Havre</b>, Co-Chair for the Convention on Biological Diversity's Open-Ended Working Group for a Post-2020 Global Biodiversity Framework</li> </ul> <p><b>Current methods for measuring and monitoring - successes and challenges</b></p> <ul style="list-style-type: none"> <li>• <b>Dr Rogerio Cunha de Paula</b>, National Research Center for Carnivores Conservation, CENAP/ICMBio, Brazil, IUCN SSC Cat Specialist Group and IUCN SSC Canid Specialist Group</li> <li>• <b>Thea Caroll</b>, MIKE Programme Coordinator, CITES Secretariat</li> <li>• <b>Dr Simon Pooley</b>, Lambert Lecturer, Birkbeck University of London, UK</li> </ul> <p><b>Moderated discussion with speakers and audience</b></p>
15:30 - 16:30	<p><b>Synthesis session: Connectivity in thought and practice - Linking the dots for sustainable wildlife management</b></p> <p><i>The session will bring together the headline messages from the four sectoral sessions and then discuss interconnections and dependencies between people and wildlife in connection to the sustainable management of wildlife. The session will offer a vital touchpoint for discussing how to best support the sustainable wildlife management as part of the implementation of the post-2020 Global Biodiversity Framework</i></p> <p><b>Moderator: Shane Mahoney</b>, Vice-Chair of the CEESP/SSC Sustainable Use and Livelihoods Specialist Group, and CEO of Conservation Visions</p> <p><b>Discussion with panel member from each of the sectoral sessions and audience</b></p>
16:30 - 16:45	<p><b>Closing Plenary</b></p> <ul style="list-style-type: none"> <li>• <b>David Cooper</b>, Deputy Executive Secretary, Convention on Biological Diversity and Chair of the Collaborative Partnership on Sustainable Wildlife Management</li> <li>• <b>George Aman</b>, President of the International Council for Game and Wildlife Conservation (CIC)</li> </ul>
